Ms. Shelley LaRose-Arken
7150 Republic Airport (FRG)
Room #216
East Farmingdale, NY 11735

Dear Ms. LaRose-Arken:

I wanted to take this opportunity to thank you for the excellent job you and your team did in arranging the presentation of Republic Airport. The Sachem Technology Department appreciates the fact that you made yourself available for discussion of the operations, management, and fire rescue as well as the arrangement of several aircraft to view. We were impressed by your ability to accommodate our students and give them the opportunity to view a working airport.

The job that you have done in presenting the operations, maintenance, and fire rescue of a general aviation airport has simply been amazing. All your efforts were conducted with such precision and professionalism that they must be commended. I feel as though we have taken a quantum leap forward in adding a new aspect and opportunity to the Aviation Explorations course with the help of your team.

This is undoubtedly been an experience that my colleagues, students, and I will never forget and look forward to conducting annually.

Thank you,

Matthew Pfister,
Technology Education Teacher
